PATIENT ZERO
BRISBANE

Job Application for Junior Software Developer

Dear Hiring Manager

About Me

I'm a computer science student at QUT and in my final year. I'm very passionate about web development. I enjoy building high-quality, thoughtful and intuitive user interfaces. I have been working on a portfolio of projects which can be viewed at www.benrogers.dev. I am skilled in front end technologies such as HTML, CSS, SCSS JavaScript, React.js, CSS frameworks such as Bootstrap. I also have skills in back end technologies such as Node.js, Express.js, Flask, REST API's, SQL and others. Additionally, I am familiar with test driven development and software design patterns. I have worked on many university projects involving multiple developers so I am proficient with Git version control and Agile methodologies. I am a hard working and high achieving student with a GPA of 6.062/7.

Why Patient Zero?

If given the opportunity, I would love to work at Patient Zero as a software developer. Your listed requirements closely match my skills. I am very interested in your company's services, and am truly passionate about building software solutions that make a difference. I would be very dedicated to making sure I improve and grow within the company.

Why Me?

I'm confident I will be an asset to your organisation. I'm an innovative, self-motivated developer with an eye for detail. I have both front end and back end skills. I love to stay up to date with technologies and learning new things. Additionally, I am a fast learner and can learn new tech stacks quickly on the job if needed. I'm not afraid of being put out of my comfort zone as I believe that is the best way to improve your skills. I have a high GPA and very high marks in my programming units at university. In my software development units this over the past year I have achieved straight 7's (above 85%), and above 97% in both my web development units.

Thank you for your time and consideration. I look forward to speaking to you about this opportunity.

Sincerely,

Benjamin Rogers
